How to create or link a Verify Students and Medicat account:

Log in to your ACEMAPP account to begin.

From your dashboard, click on the Verify Students logo under **"Vendors" [1]**. You will be redirected to the Verify Students website.

Enter the promotion code provided by your school coordinator. If you do not have a promotion code, please contact your school coordinator. Then click **"Continue" [2]**.

The information you entered already for your ACEMAPP profile will be transferred over to Verify Students to ease the account creation process.

Confirm transferred information and enter additional required information to start your background check, drug screen and requirement verification. You will also receive account login information and alerts from Verify Students & Medicat.

Once you complete the Verify Students process, you will be emailed login instructions for Medicat. Please follow the instructions and login to Medicat to complete the requirement verification process. If you do not receive an email with instructions on how to log in to this site, please email immunitraxsupport@medicat.com.
