

# small steps make a **BIG DIFFERENCE**

- We are making changes to our campus parking to provide better parking experiences for our patients, visitors and Medical Center/physician office employees.
- Now that our new employee parking lot is open, the outer ring of Parking Lot B is no longer designated for employee parking.
- As of Tuesday, October 1, Parking Lots A and B (pictured in green on the map) will be dedicated to patients and visitors.
- Thank you for supporting our campus parking plan!
